

**AIRNERGY+**<sup>®</sup>  
BREATHE IN NEW LIFE

Air is our prime source of energy, providing a continuous natural supply of more than 90% of the energy we need. But we exhale three-quarters of this energy without even using it, a figure which is even higher for elderly people and those who are ill. Now there is a solution: AIRNERGY. Breathing AIRNERGY allows our bodies to make the best possible use of the energy contained in the air we breathe. Regular use of AIRNERGY stimulates cell regeneration and suppresses the formation of harmful free radicals. This technological breakthrough has a positive impact on the organism as a whole, leading to a rapid and remarkable improvement in many physical functions. And all this without additives or higher oxygen concentrations.

The AIRNERGY Professional Plus respiratory device contains four AIRNERGY units. Fifteen minutes every day is recommended.

Breathe AIRNERGY: new energy for health, beauty and fitness.

**PROFESSIONAL PLUS**

USE FOR 15 MINUTES

BREATHE IN NEW LIFE

## PROFESSIONAL PLUS

TECHNICAL EQUIPMENT SUBJECT TO CHANGE WITHOUT NOTICE. NOT LIABLE FOR MISPRINTS.

### EQUIPMENT

- 4 AIRNERGY+ activation units
- LCD Display
- Microprocessor controlled
- Individual program settings
- 3 performance levels
- Automatic self-test
- Acoustic signal switchable

### MAINTENANCE

Every 2,000 hours of operation (approx. 8,000 applications)

### TECHNICAL SPECIFICATIONS

Power supply	12 V DC
Power supply unit	in: 100-240 V AC out: 12 V DC – 2,500 mA
Power consumption	I <sub>max</sub> 1,600 mA
Air supply	approx. 4 l per min.
Approx. dimensions (mm)	350 x 130 (B x H) x 350 (T)
Weight	4.4 kg

### WARRANTY

2 years

### SHIPMENT INCLUDES

AIRNERGY+ Professional Plus device, 1 power supply unit  
20 nasal cannulas, 1 glass bottle set, 1 aroma glass bottle / stainless steel fitting,  
2 air filters, 1 user manual

### ACCESSORIES

Nasal cannulas, air filters, aroma bottle / stainless steel fitting, marketing package
